ABOUT ME

I'm a final-year CSE student at IUBAT seeking a Software Engineering Internship. With a strong foundation in front-end development (HTML, CSS), I'm actively expanding my backend and database skills using C# and .NET. I am passionate about my work and building responsive, data-driven applications that solve real-world problems.

EDUCATION

2023 - Running	B.Sc. in Computer Science & Engineering
International University of Business Agriculture and Technology (IUBAT)	CGPA: 3.83 (ongoing)
2019 - 2020	Higher Secondary Certificate (SSC) – Science
Bepza Public School & College	GPA: 4.58
2017 - 2018	Secondary School Certificate (SSC) – Science
Bepza Public School & College	GPA: 4.50

SKILL

- HTML
- CSS
- Python
- C#, .NET
- UI Design
- Backend Development
- Database Management
- Problem-solving
- Teamwork

ACADEMIC PROJECTS

- AI Resume Analysis Platform** (C#, .NET, Database)
Role: Backend & Database Developer | Team Project (Ongoing) I am building the core backend and database for this platform using C# and .NET. My focus is working with my team to manage complex data and integrate our logic with the AI analysis tools.
- E-commerce Web Application** (Django, HTML, CSS)
Role: Front-end Developer | Team Project I helped build an e-commerce site by designing responsive product pages using HTML, CSS, and Django. I also added real-time cart updates to ensure a smooth and easy checkout experience for users.
- Car Auction POS (Point of Sale) System** (HTML, CSS)
Role: Front-end Developer | Team Project I developed the front-end interface for this POS system, creating interactive dashboards and dynamic bidding features. I also designed responsive pages so users can easily view live car listings and track auction histories.
