ABOUT ME

I'm a final-year Computer Science and Engineering student at IUBAT with a strong interest in front-end development. I love building interactive and responsive websites that solve real problems and provide a great user experience. I'm eager to learn from experienced developers, contribute to real projects, and grow as a Frontend Developer.

EDUCATION

2023 – 2027

International University of
Business Agriculture and
Technology (IUBAT)

B.Sc. in Computer Science & Engineering

CGPA: 3.85 (ongoing)

2019 – 2020

Bepza Public School &
College

Bepza Public School &
College

Secondary School Certificate (SSC) – Science

GPA: 4.50

SKILL

- HTML
- CSS
- JavaScript
- Basic Django
- UI Design
- Problem-solving
- Teamwork

PROJECT EXPERIENCE

E-commerce Website (Django)

Built responsive product pages with interactive UI components and a smooth checkout experience. Enhanced user experience by implementing real-time cart updates and smooth navigation.

Car Auction POS System (HTML, CSS, JS)

Built a user-friendly front-end interface with dynamic bidding features and interactive dashboards. Designed responsive pages for car listings and auction history tracking.
