Objective

Highly skilled and motivated Software Engineer with 5+ years of experience in designing and developing innovative software solutions. Seeking a challenging position in a dynamic organization where I can utilize my technical expertise and leadership skills to contribute to the success of the team.

Education

Bachelor of Science in Computer Science, University of Lagos, Nigeria (2010-2014)

Master of Science in Software Engineering, University of Ibadan, Nigeria (2015-2017)

Work Experience

Software Engineer, XYZ Tech Solutions, Lagos, Nigeria (2017-present)

- Developed and maintained web applications using HTML, CSS, JavaScript, and PHP.
- Collaborated with cross-functional teams to design and implement software solutions.
- Performed code reviews and provided technical guidance to junior developers.
- Implemented best practices for software development and quality assurance.

Software Developer, ABC Software Company, Abuja, Nigeria (2014-2017)

- Designed and developed mobile applications for iOS and Android platforms.
- Worked closely with clients to gather requirements and ensure customer satisfaction.
- Participated in the full software development lifecycle, from concept to deployment.
- Conducted unit testing and resolved software defects to ensure high-quality deliverables.

Skills

- Programming Languages: Java, C++, Python, JavaScript
- Web Development: HTML, CSS, JavaScript, PHP
- Frameworks: Spring, Angular, React
- Database Management: MySQL, MongoDB
- Version Control: Git, SVN
- Agile Methodologies: Scrum, Kanban

Projects

1. E-commerce Website: Developed a fully functional e-commerce website using Java Spring framework, MySQL database, and Angular frontend.
2. Mobile Expense Tracker App: Designed and implemented a mobile app for tracking personal

expenses, available on both iOS and Android platforms.

Certifications
